BONAR LAW NEW PREMIER OF BRITAIN

Lloyd George's Successor As
Head Of English Govern-
ment A Strong Leader

London, Oct. 20—Andrew Bonar Law appeared making rapid progress today in forming his Cabinet to replace the fallen Coalition government. The Earl of Derby and Marquess Curzon have agreed to serve under him in any capacity.

London, Oct. 20—Andrew Bonar Law has consented to form a ministry in succession to the ministry of Prime Minister Lloyd George, the Evening News says it learns. King George summoned Mr. Bonar Law asking him to undertake the task declares the newspaper and Mr. Bonar Law agreed to comply.

Andrew Bonar Law is a Canadian by birth and is distinguished as being the "man who refused a King's offer to make him a Premier." He is a business man and carries the tactics of business with him into his political career. He was one of Lloyd George's five members of the war coalition Cabinet and on two occasions was Chancellor of the Exchequer. The House of Commons voted him budgets of \$3,500,000,000 and \$3,250,000,000.

Mr. Bonar Law was always noted for his firm stand on any question he took up. He was a determined opponent of the Irish Republican movement and crossed swords with Lloyd George on the latter's proposal to resume trade with Soviet Russia.

FERRY WIRE SAVES MEN AT BOONESBORO

Due to heavy fog at 4:30 o'clock Wednesday morning, a touring car carrying three men, plunged in Kentucky river at Boonesboro, the ferry wire sustaining the weight of the machine until the men could get out. C. B. Harris, riding on the rear seat, had to be removed by tearing out the rear of the top.

J. W. and S. B. Nelson and Harris, were going from East Burnside to Cincinnati, and did not know they were near the river when they drove into it, they declared. The Nelsons secured dry clothing at the house of Wm. Asher ferryman, and proceeded to Cincinnati. Harris drove the car back to a garage in the afternoon after it had been removed from the river.

HOLLAND HONORED BY KENTUCKY MASONS

Robert R. Burnham, Jr., and most of the other local Masons have returned from the Grand Lodge which met in Louisville in annual session. Madison county Masons were well represented by a large delegation, as usual. G. Allison Holland, of Lexington, chairman of the Masonic million dollar committee, was elected Grand Junior Warden of the Grand Lodge of Kentucky Masons. Mr. Holland received 309 votes on the first ballot, but 318 was necessary to elect. He received 430 on the second ballot. Charles A. Rubkin, of Newport, was second with 139 votes and John J. Howe, of Carrollton, was third with 61. There were seven candidates for the place which leads to Grand Master by rotation, according to custom.

E. P. Hardwick, of Louisville, retiring Grand Master, was elected Grand Secretary on the first ballot. These were the only two contested offices. A. E. Orton, of Dawson Springs, became Deputy Grand Master; H. M. Grundy, of Springfield, Grand Senior Warden and James Garnett, Louisville, Grand High Priest. Major John H. Leathers, who has served as Grand Treasurer for more than a half century, was re-elected.

College Men in Dresses Caught Playing Pool

Winchester, Oct. 20—Pedestrians were shocked at the sight of two fashionably dressed females shooting pool in a Main street billiard parlor. A complaint phoned into police headquarters brought Patrolman Tarp, who gave the offenders the once over and quickly decided they handled their cues too familiarly to be genuine flappers. Closer inspection proved them to be college boys out for a lark. They were loaded in a taxi and chased back to school.

PAJAMERINO PARTY WINDS UP IN RIOT

Los Angeles, Oct. 20—More than a score of Los Angeles college students were injured, one possibly fatally, as a result of burns from "gasoline bombs" and from blows on their heads and bodies early today in a riot following a "pajamero" party on the campus of the southern branch of the University of California.

ROBERTS TO PLAY FULL BACK AT HARVARD

Boston, Oct. 20—The Centre College football players, determined to show the country that a small college can defeat Harvard at football two seasons in succession, journeyed to the Stadium today to put the finishing touches on the plays Centre will use in the third and probably last battle with the Crimson tomorrow. Captain Roberts worked out at fullback which position Coach Moran said the versatile captain would start tomorrow. Tom Bartlett, halfback of last year, will be unable to play because of throat trouble.

The alignment of the Harvard backfield is still a matter of conjecture today. Coach Fisher intimated Gohrke, Chapine and Owen probably would be the combination. There also will be a choice between Kernan and Clark at center. Captain Buell will be quarterback for the first time in a center game. About 50,000 people will see the game.

MOB SHOTS FATHER AND SON TO DEATH

Nashville, Oct. 20—Ed Hartley and his son, George, recently convicted of manslaughter in connection with the killing of Sonnie Hartley, a nephew of Ed Hartley, in Benton county, last February, were taken from jail by a mob at Camden early today and shot to death in a vacant lot 200 yards from jail. The mob, numbered 50. They appeared with their faces blackened, overpowered Sheriff Flowers, seized the Hartleys and marched them a short distance away and riddled them with bullets. The Hartleys were awaiting the outcome of a motion for a new trial of their cases.

TEXAS MAN WINS FOR LEGION COMMANDER

New Orleans, Oct. 20—Alvin M. Owsley of Texas, was elected National Commander of the American Legion, at the close of the fourth annual convention here today. The vote was overwhelming. He was carried on the shoulders of the Texas Legionnaires to a place on the platform beside retiring Commander Maenider, who grasped his hand. He is a former assistant attorney general of Texas, which position he resigned February 1921 to become assistant director of the Legion's American Commission.

INSULL SAYS WOMEN GIVE BEST SERVICE

(By Associated Press)
Louisville, Ky., Oct. 20—"Women are better able to serve than men because it has been their place to serve all through the ages," according to Martin J. Insull, vice-president of the Middle West Public Utilities Corporation, which recently held a meeting here of all its women employees.

Forty-six cities and three states, Virginia, Kentucky and Tennessee were represented at the meeting.

According to Mr. Insull the utilities company has decided to employ practically all women because it is the belief of the executives that women can give better service.

In his address to the gathering the vice-president said, "There are able men and able women. Ability knows no sex. It is simply an individual question as to what responsibilities may be trusted to a woman or to a man as to the positions they may hold."

"I am one of those who believe that when God made woman for the industrial world that they were not to be merely stenographers, clerks and typists. I believe that they can fill much larger positions."

Lancaster Disappointed As Blue Devils Cancel

Lancaster, Ky., Oct. 19—One of the greatest disappointments of the season came to the Lancaster High school squad when Athletic Director McRoberts announced that the Lexington Senior High "Blue Devils" had cancelled the game scheduled to be played on the local gridiron November 26. As the Centre Colonels look toward Harvard for their greatest game, so did the Lancaster eleven look toward this game to decide the state championship, and their admirers believed the Green and White had a royal chance to beat the Lexington eleven. Lancaster has won five straight games this year, running up 29 points to 26 for their opponents and two of the backfield men, W. Robinson and Captain Cox, have a good chance to make All-State.

ROTARY GOVERNOR'S STIRRING MESSAGE

"Jim" Richmond Pays Official
Visit To Local Club—Other
Prominent Men Guests

Bringing the stirring message of Rotary, and the great principles and purposes which are its fundamentals, District Governor James H. Richmond was the guest of the Richmond Rotary Club at its weekly meeting Friday noon at the Hotel Glyndon.

A brilliant array of guests met with the club on this occasion. The regular meeting had been postponed from Tuesday in order to accommodate the governor who is on a tour of the clubs in this section of the state. Others who lunched with the Rotarians were Congressman J. Campbell Cantrell, of 7th district; Dr. Robert N. Simpson, of Birmingham, Ala.; conducting revival services at the First Christian church, Commonwealth's Attorney William J. Baxter, President Frank Record of the Pikeville Rotary Club and President Frank Carter and Secretary Howard Fitch, Rotarians Claude L. Ryley and Ralph McCracken, of the Lexington club, who accompanied the governor here.

President Carpenter introduced each of the distinguished guests who said a few happy words before Gov. Richmond made the formal address of the day. There was a splendid attendance of the members of the local club and the occasion was a red letter day in the history of the local organization.

Governor Richmond has an exalted conception of the duties and ideals of Rotary and has the happy faculty of inspiring Rotarians with the same breath of vision and enthusiasm in the great work which the organization is doing and has before it. His address to the Richmond club was comprehensive and inspiring, and the local members enjoyed and appreciated it to the utmost.

APPRECIATES WORK OF MISS SPARKS

High Point, Ky., Oct. 20 I have always heard it said that great things were done up in the smallest of packages and I believe that now, since Miss Flora Sparks has been teaching school at High Point. We have had some very good teachers at High Point but we have never had one who has taught such a splendid school as Miss Sparks is teaching. My children are so anxious to go to school every morning, that they cry if they have to miss a single day.

I just want to thank Supt. B. F. Edwards and the school board of Madison county for appointing us such a good teacher. Miss Sparks has won the love of every child and most every parent with her smiles and kindness. My children say that the whole school is greeted every morning with a kind "Good morning" and smile from their teacher. And she leaves them in the afternoon with a smile and good-bye. I certainly want Miss Sparks to know that we do appreciate having such a teacher.

I must say that my children have already learned more this year than they did in all last year or any other year since they have been going to school. Miss Sparks is just full of pep, pride and inspiration and she is teaching the children how to become useful and courteous boys and girls. Best wishes to High Point school.—A Patron of the District.

DEANS OF WOMEN TO MEET IN RICHMOND

The Association of Kentucky Deans of Women will hold a conference at the Eastern Kentucky State Normal Saturday, October 21st. Dean Marie L. Roberts is expecting as her guests Mrs. Acheson, of the Kentucky College for Women, Danville; Miss Francis Jewell, of the University of Kentucky; Miss Hattie B. Funk, of the Western Normal, at Bowling Green; Miss Louie Branner, of the Kentucky Wesleyan, at Winchester; Miss Alice Fisher, of Millersburg College; Miss Abigail Weeks, of Union College, Barbourville; Miss McMurry, of Georgetown; Miss Katherine Baldstock, Miss Welch and several other representatives from Berea College. Miss Roberts will entertain the entire Normal faculty and their wives this evening to meet the distinguished visitors.

LANCASTER'S CRACK TEAM HERE TODAY

With a crack new coach, just engaged from State University, the Lancaster Hi football team comes to Richmond today to play Madison Hi. Lancaster is claiming the high school championship of the state. She has yet to be defeated and has run up big scores on her opponents. Madison Hi has been showing improvement with each game. Several potential stars are on this eleven but they have been some time finding themselves. A large crowd is expected to witness the game this afternoon on the Normal grounds at 3 o'clock as Lancaster appears to occupy the same position among the High School teams that Centre does among the college elevens of the state. A big delegation of Lancaster rooters got in early, headed by J. M. McRoberts, athletic director, Billy Miller and other popular boys from the Garrard capital. Madison Hi students are planning to entertain their Lancaster guests with an informal dance after the game.

POOL WINS BIG SUIT IN CAROLINAS

Lexington, Ky., Oct. 20—Officials of the Burley Tobacco Growers' Co-operative Association received a telegram today to the effect that the Tobacco Growers' Co-operative Association of North Carolina had won its injunction suit to prevent the "dumping" of tobacco by the prominent members of the bright belt pool and that other growers who had broken their contract in that territory voluntarily came to the association's office and offered to pay the liquidated damages provided for in the contract.

The result of this suit is of interest in Kentucky because of the approaching trial of the damage suit against Garret Watts, wealthy Fayette county farmer, who is charged with "dumping" 70,000 pounds of tobacco pledged to the pool and whose case will come up for hearing at the next term of the Bourbon circuit court.

Following the decision in the Rindge Company case in California in which damages of \$21,000 were awarded the California Bean Growers' Association, the decision in the North Carolina case is regarded as being of paramount importance to the co-operatives throughout the country. The Rindge Company failed to deliver its crop of beans and the courts held the contract valid and gave the association members damages in the sum of \$21,000.

The North Carolina case will be followed by a claim for damages on the part of the association against the two members who have been enjoined from delivering any more tobacco to the loose leaf warehouses. Each had already delivered 5,000 pounds, when enjoined from further deliveries and both must now deliver their tobacco to the association.

LOCAL GIRL MAKING GOOD IN BASKETBALL

Josephine Yates, daughter of Collins Yates, is doing splendid work on the basketball team at Eastern. The girls have been practicing for some time and expect to begin the season early. Eastern has fine material for a good real team this year and under the direction of Miss Katherine Hammond, coach and director of Physical Education, a brilliant season is predicted. Josephine is showing up fine in practices and will add much to the strength of the team. She is trying for the position of center. She played guard one year and center one year on the Madison Hi team.

She is a member of the Junior class at Eastern and is doing fine work in all fields of activity. She is a member of the Y. W. C. A. and served as an officer on the cabinet for two years.

"HEAR YE HIM," COMMAND TO MEN

Is Discussed By Dr. Simpson In
Sermon On Message Of
Transfiguration Mount

Speaking upon "The Voice of Mystery" at the First Christian Church Thursday night, Dr. Simpson gripped his big audience with another great sermon. Using the Transfiguration scene as the background he emphasized in God's "Hear ye Him," the divine call to the transfigured life. He emphasized the fact that transfiguration was something which belonged not to eternity but to time and that the important thing to the disciple of Christ was the daily transfiguration from selfishness to service, from injustice to justice, from inhumanity to righteousness, from the materialistic to the spiritual conception of life. He pointed out a number of instances of the transfiguring power of religion in the life of the individual in cases of men whom he had known and who, under the influence of religion, had entirely changed their point of view. The sermon was probably the best of the series thus far and was heard with the greatest interest by a congregation. There were four confessions at the close and one added to the church by statement.

The music, under the leadership of Miss White and a large chorus was greatly enjoyed. The special features being a beautiful organ prelude by Mrs. Pickel and a solo by Miss White.

A delegation from Lexington, headed by Rev. J. M. Adelson, of the Maxwell Street Christian Church, and delegations from a number of the county churches were present.

It has been decided to hold a service on Saturday night so that there will be no break in the continuity of the meeting.

Dr. Simpson will speak to the Normal School students in the chapel at 6:00 on Sunday evening and to the combined High Classes in the auditorium on Sunday morning.

The theme Friday night will be "Disquieted Spirits" and a male quartet will feature the music.

CANTRELL SPEAKS AT COURTHOUSE TONIGHT

A big crowd is expected to hear Congressman J. Campbell Cantrell at the courthouse tonight speaking for the re-election of Congressman Cantrell. Cantrell has no opposition in his own 7th district. He is so strong with his people that none dare oppose him. So he has been devoting his time speaking for the tobacco growers and helping out his brother congressman who he knows have made him a charming and real team this year and under the direction of Miss Katherine Hammond, coach and director of Physical Education, a brilliant season is predicted. Josephine is showing up fine in practices and will add much to the strength of the team. She is trying for the position of center. She played guard one year and center one year on the Madison Hi team.

NOTICE

Mr. W. E. Richards is no longer employed in our undertaking department, his resignation taking effect Sept. 1. To fill his vacancy we have secured Mr. T. E. Lewis, who was formerly employed in the J. APPRECIATES WORK OF MISS SPARKS

High Point, Ky., Oct. 20. I have always heard it said that great things were done up in the smallest of packages and I believe that now, since Miss Flora Sparks has been teaching school at High Point. We have had some very good teachers at High Point but we have never had one who has taught such a splendid school as Miss Sparks is teaching. My children are so anxious to go to school every morning, that they cry if they have to miss a single day.

I just want to thank Supt. B. F. Edwards and the school board of Madison county for appointing us such a good teacher. Miss Sparks has won the love of every child and most every parent with her smiles and kindness. My children say that the whole school is greeted every morning with a kind "Good morning" and smile from their teacher. And she leaves them in the afternoon with a smile and good-bye. I certainly want Miss Sparks to know that we do appreciate having such a teacher.

I must say that my children have already learned more this year than they did in all last year or any other year since they have been going to school. Miss Sparks is just full of pep, pride and inspiration and she is teaching the children how to become useful and courteous boys and girls. Best wishes to High Point school.—A Patron of the District.

DEANS OF WOMEN TO MEET IN RICHMOND

The Association of Kentucky Deans of Women will hold a conference at the Eastern Kentucky State Normal Saturday, October 21st. Dean Marie L. Roberts is expecting as her guests Mrs. Atcheson, of the Kentucky College for Women, Danville; Miss Francis Jewell, of the University of Kentucky; Miss Hattie B. Funk, of the Western Normal, at Bowling Green; Miss Louie Branner, of the Kentucky Wesleyan, at Winchester; Miss Alice Fisher, of Millersburg College; Miss Abigail Weeks, of Union College, Barbourville; Miss McMurry, of Georgetown; Miss Katherine Baldstock, Miss Welch and several other representatives from Berea College. Miss Roberts will entertain the entire Normal faculty and their wives this evening to meet the distinguished visitors.

LANCASTER'S CRACK TEAM HERE TODAY

With a crack new coach, just engaged from State University, the Lancaster Hi football team comes to Richmond today to play Madison Hi. Lancaster is claiming the high school championship of the state. She has yet to be defeated and has run up big scores on her opponents. Madison Hi has been showing improvement with each game. Several potential stars are on this eleven but they have been some time finding themselves. A large crowd is expected to witness the game this afternoon on the Normal grounds at 3 o'clock as Lancaster appears to occupy the same position among the High School teams that Centre does among the college elevens of the state. A big delegation of Lancaster rooters got in early, headed by J. M. McRoberts, athletic director, Billy Miller and other popular boys from the Garrard capital. Madison Hi students are panning to entertain their Lancaster guests with an informal dance after the game.

POOL WINS BIG SUIT IN CAROLINAS

Lexington, Ky., Oct. 20.—Officials of the Burley Tobacco Growers' Co-operative Association received a telegram today to the effect that the Tobacco Growers' Co-operative Association of North Carolina had won its injunction suit to prevent the "dumping" of tobacco by the prominent members of the bright belt pool and that other growers who had broken their contract in that territory voluntarily came to the association's office and offered to pay the liquidated damages provided for in the contract.

The result of this suit is of interest in Kentucky because of the approaching trial of the damage suit against Garret Watts, wealthy Fayette county farmer, who is charged with "dumping" 70,000 pounds of tobacco pledged to the pool and whose case will come up for hearing at the next term of the Bourbon circuit court.

Following the decision in the Rindge Company case in California in which damages of \$21,000 were awarded the California Bean Growers' Association, the decision in the North Carolina case is regarded as being of paramount importance to the co-operatives throughout the country. The Rindge Company failed to deliver its crop of beans and the courts held the contract valid and gave the association members damages in the sum of \$21,000.

The North Carolina case will be followed by a claim for damages on the part of the association against the two members who have been enjoined from delivering any more tobacco to the loose leaf warehouses. Each already delivered 5,000 pounds, when enjoined from further deliveries and both must now deliver their tobacco to the association.

LOCAL GIRL MAKING GOOD IN BASKETBALL

Josephine Yates, daughter of Collins Yates, is doing splendid work on the basketball team at Eastern. The girls have been practicing for some time and expect to begin the season early. Eastern has fine material for a real team this year and under the direction of Miss Katherine Hammond, coach and director of the Physical Education, a brilliant season is predicted. Josephine is showing up fine in practices and will add much to the strength of the team. She is trying for the position of center. She played guard one year and center one year on the Madison Hi team.

NOTICE TURLEY'S MEN

Dr. Simpson will speak to the Men's Bible Class at the First Christian Church Sunday morning at 9:30. Every man is invited and urged to be present. Dr. Simpson is a strong and forceful speaker and will give the men a stirring message. BE ON TIME.

"HEAR YE HIM," COMMAND TO MEN

Is Discussed By Dr. Simpson In Sermon On Message Of Transfiguration Mount

Speaking upon "The Voice of Mystery" at the First Christian Church Thursday night, Dr. Simpson gripped his big audience with another great sermon. Using the Transfiguration scene as the background he emphasized a call to the transfigured life. He emphasized the fact that transfiguration was something which belonged not to a remote future time and that the important thing to the disciple of Christ was the daily transfiguration from selfishness to service, from darkness to justice, from unrighteousness to the spiritual and eternal life. He pointed out a number of instances of the transfiguration of the individual in cases of men whom he had known and who, under the influence of religion, had entirely changed their mode of view. The sermon was probably the best of the series so far and was listened to with the greatest interest by the audience. There were some confessions at the close and one added to the church by statement.

The music, under the leadership of Miss White and a chorus was greatly enjoyed. Special features were a quartet organ prelude by Mrs. Pickett and a solo by Miss White.

A delegation from Lexington headed by Rev. L. M. A. Johnson of the Maxwell Street Christian Church, and delegates from a number of the county churches were present.

It has been decided to hold a service on Saturday night. But there will be no break in the continuity of the meeting.

Dr. Simpson will speak at the Normal School students in the chapel at 6:00 on Sunday evening and to the combined High Classes in the auditorium on Sunday morning.

The theme for the night will be "Disquieted Spirits." The male quartet will feature the music.

CANTRILL SPEAKS AT COURTHOUSE TONIGHT

A big crowd is expected to hear Congressman J. Campbell Cantrill at the courthouse tonight speaking for a delegation of Congressmen before a session of the county court. Cantrill has no opposition in his own 7th district. He is so strong with his people that no one dare oppose him. So he has been devoting his time and energy for the tobacco growers and helping out his brother farmers, whom he knows have much to gain. Cantrill is a charming and captivating speaker. He preaches the true old democratic doctrine and is worth hearing. He will begin to speak at the courthouse at 7:30 o'clock.

NOTICE

Mr. W. E. Richards is no longer employed in our undertaking department, his resignation taking effect Sept. 1. To fill his vacancy we have secured Mr. T. M. Lewis, who was formerly employed in the J. E. Leinweber Funeral Home in Cincinnati. Mr. Lewis has had considerable experience as an undertaker and embalmer. He is a graduate of and served as a supervisor in the Cincinnati College of Embalming and convinces us that our undertaking department is up to the highest standard in every respect.

MUNCY BROTHERS

Dr. Simpson will speak to the Men's Bible Class at the First Christian Church Sunday morning at 9:30. Every man is invited and urged to be present. Dr. Simpson is a strong and forceful speaker and will give the men a stirring message. BE ON TIME.

How Better Than Pills?
The question has been asked: In what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

Middleburg County listed 712 automobiles for taxation in 1921 at a value of \$224,125, the Tax Commission report points out.

A Remarkable Record
Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity as its good qualities become better known. It is the standard and main reliance for these diseases in thousands of homes. The fact that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.

GET 64 BUSHELS OF CORN OUT OF 100

(By Associated Press)

Washington, Oct. 19.—Of every 100 bushels of corn that farmers set out to grow, only 64 bushels are realized, according to figures compiled by the United States Department of Agriculture over a period of thirteen years. The difference between the potential crop and the quantity harvested is due to weather conditions, defective seed, plant diseases and insect and animal pests. For every bushel of corn harvested somewhat over one-half bushel fails to reach harvest.

Were it not for the elements that tend to reduce the size of the crop, the average crop for the thirteen year period would have been about 4,374,000,000 bushels instead of the 2,865,000,000 bushels actually harvested provided the same acreage had been planted.

The department points out, however, that if the elements did not exist and corn growers were certain of 100 per cent results, the corn acreage probably would have been greatly reduced, so that the final output might not have been a larger crop than that actually harvested. It would mean simply that the farmer could get from two acres the crop he now harvests from about three.

The largest potential corn crop was one of about 5,000,000,000 in 1917, although the actual harvest of 3,065,000,000 bushels in that year was exceeded in the three years 1912, 1920 and 1921, the largest harvested crop being 3,209,000,000 bushels in 1920. A large crop of corn is due to a relatively low prevention of production by the many causes by which it is limited, but of course production is also related to acreage, the department's records show.

During the thirteen years the lowest degree of prevention was 23.5 per cent of a potential crop in 1920, and the highest was 44.5 per cent in 1913. Within the period covered, from about one-fourth to nearly one-half of a potential production has failed to be realized. The average is a little more than one-third.

The State received \$22,150.51 in revenue from oil production at the 1 per cent rate from Allen county in 1921.

 become overworked, get sluggish, clog
 up, and cause all sorts of distress, par-
 ticularly backache and misery in the
 kidney region, rheumatic twinges, se-
 vere headache, and stomach, constipa-
 tion, torpid liver, sleeplessness, blad-
 der and urinary irritation.
 The moment your back hurts or kid-
 neys aren't acting right, or if bladder
 bothers you, get about four ounces of
 E. J. Salts from any good pharmacy,
 take a tablespoonful in a glass of
 water before breakfast for a few days
 and your kidneys may then act fine.
 This famous salts is made from the
 acid of grapes and lemon juice, com-
 bined with lithium and has been used
 for generations to flush clogged kid-
 neys and stimulate them to normal
 activity; also to neutralize the acids
 in the urine so that it no longer irri-
 tates, thus often ending bladder dis-
 orders.
 Bad salts can not injure any one;
 makes a delightful effervescent lithia
 water drink which millions of men and
 women take now and then to help keep
 the kidneys and urinary organs clean,
 thus often avoiding serious kidney dis-
 orders.

To Gain A Good Reputation

The way to gain a good reputa-
 tion is to endeavor to be what
 you appear. That is precisely
 the manner in which Chamber-
 lain's Cough Remedy has gained
 its reputation as a 'cure' for
 coughs, colds, croup and whoop-
 ing cough. Every bottle that
 has ever been put out by the
 manufacturers has been fully up
 to the high standard of excel-
 lence claimed for it. People
 have found that it can be de-
 pended upon for the relief and
 cure of these ailments and that
 it is pleasant and safe to take.

What I Have Learned in 47 Years Practice

I HAVE been watching the re-
 sults of constipation for 47
 years, since I began the prac-
 tice of medicine back in 1875. I
 am now 83 years old, and though
 from time to time the medical pro-
 fession makes some wonderfully
 interesting experiments and tests,
 the fundamentals of causes and
 relief in this particular ailment
 are unchanged.
 But the people take greater in-
 terest today in their health, in
 diet, exercise and the drinking of
 water. Constipation, however, will
 occur from time to time no matter
 how one tries to avoid it. Of next
 importance, then, is how to treat
 it when it comes. I believe in
 getting as close to nature as
 possible, hence my remedy for
 constipation, known as Dr. Cald-
 well's Syrup Pepsin, is a mild
 vegetable compound. It is made
 of Egyptian senna and pepsin
 with agreeable aromatics. Chil-
 dren will not willingly take bitter
 things. Syrup Pepsin is pleasant-
 tasting, and youngsters love it.
 It does not gripe. Thousands of
 mothers have written me to that
 effect.
 Over 10 million bottles of Dr.
 Caldwell's Syrup Pepsin are now
 sold every year, and it is the most
 widely bought family laxative in
 the world. I say family laxative
 because all in the family can use
 it with safety. It is mild enough
 for the infant in arms, effective
 in the most chronic constipation
 of an adult. The formula is on
 every package.
 Recently there has been a new
 wave of drastic physics. Calomel,
 a mercurial that salivates and
 loosens teeth, has been revived;
 salt waters and powders that
 draw needed constituents from
 the blood; coal tar disguised in
 candy form that causes skin eruptions.
 In a practice of 47 years
 I have never seen any reason for
 their use when a medicine like
 Syrup Pepsin will empty the bow-
 els just as promptly, more cleanly
 and gently, without griping, and
 without shock to the system.
 Keep free from constipation! It
 lowers your strength 28 per cent,
 hardens the arteries and brings on
 premature old age. Do not let a
 day go by without a bowel move-
 ment. Do not sit and hope but
 go to a druggist and get a bottle
 of Dr. Caldwell's Syrup Pepsin.
 It is a generous-size bottle. Take
 a teaspoonful that night and by
 morning you will be well. The cost
 is only about a cent a dose. Use
 Syrup Pepsin for yourself and mem-
 bers of the family in constipation,
 biliousness, sour and crampy stom-
 ach, piles, indigestion, loss of ap-
 petite or sleep, and to break up fevers
 and colds. Always have a bottle in
 the house, and observe these three
 rules of health: Keep the head
 cool, the feet warm, the bowels
 open.

LITTLE THEATRE CLUB GIVES PLAY

The Little Theatre Club of the Eastern Kentucky State Normal entertained the students at a chapel with an interesting little one act play Thursday morning. Miss Rusie Miller, head of the Expression Department at Eastern and coach and director of the Little Theatre Club, wisely chose Theresa Helburn's, "Enter the Hero" which pleased all. Valindao Deatherage, as Ann Carry, did lovely work and was well supported by Carolyn Rice, as the inquisitive little sister, and William French Todd, as the hero. All showed stage presence and their voices and interpretations were fine altho they will have better opportunity to do real work in the production later in the season. Sarah Arbuckle, as Mrs. Carry, was good. Try-outs for membership in the Club will be held Tuesday and Thursday nights of next week. The little theatre movement is growing in the United States and is fast becoming a potent force in communities where they are found. Several big productions have been planned for the winter and will be staged in the new gymnasium which will seat 1200 people.

Farmers Attend Fertilizing Test

Berea, Ky., Oct. 19—Farmers in this section of the State recently obtained some valuable pointers on ways to make their farms yield bigger crops by attending a meeting held on the Kentucky Agricultural Experiment Station soil experiment field near here. County Agent Robert F. Spence says. Tests being carried on there to show the value of different fertilizers attracted considerable attention while many questions were asked relative to the best methods of treating soils in this section of the state.

NOT THE ONLY ONE

There Are Other Richmond People Similarly Situated

Can there be any stronger proof offered than the evidence of Richmond residents? After you have read the following quietly answer the question:

Geo. O. Parker, carpenter, 339 Moberly Ave., Richmond, says: "I had attacks of kidney complaint that have given me a lot of trouble with sore muscles and back. They came on when my kidneys were out of order. I had dull pains across the small of my back just over my kidneys. I was so lame across my hips that when I bent over I could hardly straighten up and the muscles felt as though they were tied in knots. The lameness in my back was worse in the morning and it bothered me when I stooped to put on my shoes. The change in the weather caused my kidneys to act irregularly. I took Doan's Kidney Pills and I am glad to say they have always relieved me right away."

Another Solution of N. J. Murder Mystery

Trenton, Oct. 19—Ellis H. Parker, county detective, today made public a signed letter mailed from Philadelphia, which purported to solve the Hall-Mills case as one of murder and suicide. The writer said that he was asleep in the grass near the spot where the couple were found dead. He was awakened by voices. He saw a man and a woman. She asked him to keep his promise. He replied he had made none. She scratched his face and he stabbed her with a knife and shot her. "Then he saw me," said the letter, and he shot himself. "The writer said he had been sick since then and had told no one."
